BULLETIN
LONDON, Oct. 17.—The Germans have given away under Belgian pressure on the entire front in Flanders, according to a Belgian official statement given out here tonight. Belgian forces have entered Ostend and reached the line, Oudenburg-Zedelghem-Rudder-Vorde.

BULLETIN
WITH THE BRITISH ARMY IN THE LILLE SECTOR, Oct. 17.—The Germans in the Lille sector are leaving strong rearguards in selected places in an effort to protect their fleeing comrades. These rearguards have orders to inflict the greatest number of casualties possible. Outflanking tactics are usually sufficient to clear up these strong points.

BULLETIN
WITH THE ALLIED ARMIES IN BELGIUM, Oct. 17.—By the Associated Press.—The enemy has been driven back rapidly everywhere today and the entire front from the sea southward is in motion. The British have entered Lille. The Germans have fled precipitately from Ostend, while a number of Belgian aviators landed in the center of the city amid the cheers of the inhabitants.

Meanwhile the Belgian infantry and French cavalry sweeping up toward the coast at last reports were rapidly nearing the city and probably will be in it before daylight. Ostend is reported entirely free now of Germans, those left in the city as rear guards having been accounted for. The Germans seem to be in full flight everywhere especially where especially from Belgium for the gap thru which they must escape between the advancing allied troops and the frontier of Holland is constantly being narrowed and unless the enemy moves rapidly large numbers may be caught.

The entire Lille salient, it seems is being evacuated by the hard pressed Huns. Even south of here they have had no rest. East of St. Soupelet, after crossing the river and defeating the Germans on the other side the British and Americans stormed the continuation of the enemy Valenciennes-le-Cateau line and appear to have made great progress.

Thousands of civilians have been released. How many prisoners and guns have been captured is unknown but the number of prisoners cannot be large, for the Germans have been going so fast that they have not had time to remove their heavy pieces. A force of Belgians, assisted by French cavalry and infantry is reported to be driving northward to strike the bridges on the east and also cut the Ghent canal. Wide possibilities exist in this movement.

From LeCateau southward the British, assisted by American units, attacked this morning and by night were well on the other side of the Selle river, striking toward the Oise canal. At one place they were less than 3,000 yards from its bank. The fighting today has been hard everywhere along the line. Strong and determined rearguards were encountered. These were especially active north of LeCateau.

With the Allied Armies in Belgium, Oct. 17.—By the Associated Press.—The allied infantry made rapid progress today and pierced the German front beyond Wyngere. The Germans are hurrying eastward thru the passage between Bruges and the Holland border trying to escape being bottled up. Only one good road exists in this passage, this being from Bruges to Eecloo. It contains a mad jumble of transports and fleeing men.

Zeebrugge appears to have been abandoned.

Vast quantities of war material have been taken by the allied troops. These have been accumulating for four years. The Bruges-Eecloo road is under fire of the Belgian guns which also are shelling the back areas, dropping shells into the masses of the fleeing enemy. The passage between Bruges and Holland which will be made narrow by the advancing troops undoubtedly will constantly come in for treatment by the heavy artillery as more allied guns are rushed up. The Germans in Belgium already have met with defeat and those fleeing from the coast are faced with the great danger of capture unless they win the race they are making to escape. If the passage is closed the Germans, rather than surrender bodily, may try to escape by crossing into Holland where it is sure they would be interned. One thing stands out above others. The coast of Belgium so vital to the German submarine operations is fast being cleared of the enemy. Having been driven from the coast means also that the Germans hereafter will be unable to raid England or carry out aerial operations over the North Sea with the freedom they have had during the past four years.

WAR SUMMARY

News of Activities on Various Battle Fronts in Summarized Form By Associated Press.

Over a front of forty miles, from the North Sea in Belgium to Lille in Northern France the Germans are in general retreat before the Belgian, French and British armies. Likewise the enemy is being forced to concede defeat by retrograde movements before the British and Americans southeast of Cambrai under the attacks of the French in the pocket between Oise and Serre Rivers north of Laon, and by reason of continued strong attacks by the French and Americans in Champagne and along the Meuse river. Nowhere however, is the enemy in disorder. In Belgium Flanders his steps are being hastened by reason of the swift drives into his line by the British at Lille, just south of the Belgian border, and by the French and Belgians further north, which threaten to compel him to enter Dutch territory and face internment unless he is fleet enough to withdraw out of the entire pocket between the Scheldt river and the sea and reconstitute his line with its right wing resting on Antwerp.

Ostend, one of the famous submarine bases on the sea is in British hands, Bruges is all but captured, while to the south from the region east of Roulers the Allied forces are fast driving toward Ghent in an endeavor to capture the Western Flanders sack and retain in its large elements of the enemy's forces. Strong opposition is being offered on the Central sector to prevent the Allies from carrying out their maneuver to their full. More than a score of additional villages have been liberated by the Allied troops and numerous guns and quantities of stores have been captured. In their withdrawal from West Flanders the Germans are carrying out a tactical movement which doubtless will end in a general falling back of their line in northern France and permit them to materially strengthen their resistance on a new and shorter front. This probably will be from Antwerp to Namur and Metz and thence to the Swiss border which would still leave the Germans eighty miles from their own border line both at Antwerp and Namur. At present the center of the Flanders fighting is near Thiel, which is about 125 miles from Aix-la-Chapelle on the German border.

Southeast of Cambrai over a front of ten miles between LaCateau and Bohain the British and Americans are delivering a violent attack against the Germans and at last reports they were meeting with success although the Germans were savagely resisting with machine guns and infantry and with artillery behind their line.

North of Laon in the sack between the Oise and Serre Rivers the French are endeavoring to drive out the Germans or capture them before they can make their way eastward to Hirson. Here also the enemy is using his machine guns and artillery to impede the progress of the French but further gains have been recorded. The greatest resistance, however, is still being imposed against the efforts of the French and Americans in Champagne and along the Meuse river where the holding of the line is essential to save off a general retreat. The Germans all the way from Belgium to the Swiss frontier. The French in Champagne are working hard to capture Reims, but the Germans thus far have been able to hold this important position in their own hands. North of Grand Pre both the French and the Americans have made further progress over the difficult ground. Especially severe have been the hardships suffered by the Americans in encompassing the natural fortifications and the attacks by hordes of enemy machine gunners. Before the Americans the Germans are giving ground only inch by inch.

McAdoo Appeals to Public

Subscriptions reported and estimated up to noon Thursday amount to four billion dollars, leaving at least two billion dollars to complete the Fourth Liberty Loan. Only two days are left within which to raise this vast sum. No country on earth but America could raise so vast a sum in so short a time. America can do it, and must do it. The destinies of the world and the hopes of civilization are centered upon America.

We shall fail in everything we've fought for and hope to gain in this war if the Fourth Liberty Loan is defeated. Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligations of duty and patriotism command that every true American go immediately to his bank or his Liberty Loan committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay, don't wait to be urged, be as quick to do your part in this Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty Bonds on the installment plan if you cannot buy them for cash. Every patriotic bank will help you. If every patriotic citizen will do his duty today, victory for the Fourth Liberty Loan is certain. The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of liberty depends upon the American people in the remaining two days of the Fourth Liberty Loan campaign.

Germany's Reply Congress Agrees To Wilson Not To Recess Over Yet Received Nov. Elections

WASHINGTON, Oct. 17.—Signs multiplied today Germany and Austria are hastening to rearrange their internal political affairs and methods of warfare in the hope of meeting requirements laid down by President Wilson's reply to Germany's peace offer. There was no indication today when the German answer would come, but that one would be dispatched was made more certain by statements of Baron Burian, Austrian foreign minister before the foreign affairs committee that Germany will make the constitutional modifications necessary to realize the demand for a democratic form of government and abdication of military control was regarded as clearly indicating a similar Austrian purpose.

Following closely radical changes in German governmental structure as recorded in cable despatches from Amsterdam and Rotterdam, information came to the state department today that the Austrian emperor has announced to the foreign affairs committee of parliament his purpose to grant autonomy to oppressed nationalities in the dual empire. Right to autonomous existence for these nationalities is one of the peace requirements laid down by President Wilson. Bitter opposition from the intensely conservative German and Magyar components of the empire is certain to be aroused by this radical change in government but it is believed Emperor Charles thinks this can be overbalanced by support he will receive from liberal elements and separatist parties, especially if he can make it appear the change is a long step towards final peace so insistently demanded by the populace.

ILLINOIS CONGRESSMAN KILLED IN AUTO WRECK
BLOOMINGTON, Ill., Oct. 17.—Congressman John A. Sterling and his law partner, W. W. Whitmore and the latter's wife were in an automobile accident two miles south of Pontiac this noon. Mr. Sterling was killed, Mr. Whitmore was badly injured and is in a hospital in Pontiac, Mrs. Whitmore was uninjured. They were going from Bloomington to Pontiac and left here about 9 o'clock this morning.

Washington, Oct. 17.—Members of the house received news of the death of Representative Sterling of Illinois, late today, and adjourned out of respect to him. A committee to attend the funeral will be named by Speaker Clark tomorrow.

SEEK FUND TO RE-CONSTRUCT JEWRY
New York, Oct. 7.—A fund which will reach one million dollars to be used to finance the reconstruction of the Jewry of the world will be sought by the joint distribution committee of the American funds for Jewish war sufferers, which it was announced here tonight will undertake what it describes as "the largest purely humanitarian project in history to be attempted by individual effort."

ATTEMPT TO ASSASSINATE PREMIER
Amsterdam, Oct. 17.—As Count Stephen Tisza, the former Hungarian premier, was leaving the lower house of parliament at Budapest Wednesday a youth approached his motor car with a revolver, according to a despatch received here from the Hungarian capital. Count Tisza's chauffeur struck the would-be assassin down before he could fire.

ONLY TWO MORE DAYS LEFT TO PUT OVER LOAN

Over Billion Dollars Day Must Be Subscribed

WASHINGTON, Oct. 17.—Fourth Liberty Loan subscriptions reported and unreported, probably amount to four billion dollars altho those actually tabulated by headquarters here aggregated \$3,607,587,359, the treasury announced tonight. Two days remain for the raising of two billion dollars.

On Saturday night, subscription books will close absolutely, Secretary McAdoo declared today, thus setting at rest persistent reports that owing to the retarding influence of the influenza epidemic the government contemplated giving the nation another week in which to enter pledges. New reasons why the loan should be not only raised but oversubscribed as emphasized today by Secretary McAdoo are that tremendous war expenses will continue to run on for many months regardless of the outcome of Germany's efforts for peace. Even if peace should come soon and no agency of the government is drawing its plans in this definite belief—there will be immense manufacturing contracts to be fulfilled, armies to be brought back to American shores, and a multitude of other expenses which the momentum of war will carry on.

This means other war loans, Secretary McAdoo explained. And whatever the measure of oversubscription to the fourth loan may be it will be deducted from future loans, so that there will be no danger of piling up idle credit to the government account. Subscription reports today added \$238,000,000 to yesterday's loan total, and altho this represents the biggest single day's contribution it is short of the pro rata amount sought to bring the total to six billions by Saturday night. Nearly a third of the addition today, or \$101,000,000 came from the New York district, and sent that district more than half way toward its \$1,800,000,000 goal. Owing to tardy reports from some parts of the Atlanta district, Atlanta fell to last place in the percentage column today.

Subscriptions by Districts
As recorded as follows:
District Subscription Pct.
St. Louis \$230,900,200 880
Minneapolis 177,163,450 843
Boston 375,461,700 750
Dallas 82,755,650 656
San Francisco 256,591,800 638
Chicago 529,852,300 630
Richmond 166,371,100 594
Kansas City 153,325,700 588
Cleveland 350,182,950 583
New York 948,792,000 527
Philadelphia 239,331,450 478
Atlanta 86,819,050 452

"The situations in the different districts tonight," said the loan headquarters announcement, "may be summed up as follows: 'St. Louis—Certain of its quota, but owing to influenza expects no large oversubscription. 'Minneapolis, unofficially reports quota obtained, but is striving hard for oversubscription. 'Chicago—Having difficulty in obtaining larger subscriptions. 'Cleveland—Sales improving and whirlwind finish expected. 'New York—Hopeful, but magnitude of problem not being underestimated; big money must come first."

TWO DEAD RESULT OF FAMILY QUARREL
DECATUR, Ill., Oct. 17.—Disguising himself in a one-piece overall suit over his uniform, Thomas Matthews, a colored soldier from Camp Grant, slipped into the home of his father-in-law, James Steward, here early today, murdered his mother-in-law, Mrs. Steward, cut his wife's throat, shot his six-year-old stepdaughter and then put the muzzle of his revolver into his own mouth and blew his brains out. "DOUG" FAIRBANKS PLEDGES FULFILL PROMISE
Washington, Oct. 17.—Douglas Fairbanks, who flew from Washington to New York yesterday to sell Liberty Bonds, arranged by telephone tonight to return to Washington tomorrow by postal airplane and deliver his \$6,000,000 in subscriptions to Secretary McAdoo. The secretary will receive him on the south steps of the treasury.

ABDUL BAHU DISCOVERED
New York, Oct. 17.—The British bureau of information announced today receipt of a cablegram from London saying British troops have discovered Abdul at Haifa.

Abdul Baha a Persian "prophet," is head of the Baha religious cult with members in all parts of the world. In 1912 he visited the United States speaking in churches in various cities and addressing a convention of the Persian-American Education Society in Washington.

TELEGRAPH BRIEFS

WASHINGTON, Oct. 17.—President Wilson's reply to Austria-Hungary's peace proffer has not yet been despatched. It was said tonight officially. There was no expectation that the reply would be sent until Germany has definitely answered the president's note of last Monday.

BERNE, Oct. 17.—Advices received from Berlin say that there is great activity in political circles, in view of the German reply to President Wilson's note. It is understood the note already has been drafted and that it is not a complete refusal of President Wilson's demands.

Field Marshal von Hindenburg was expected in Berlin today.

SAN FRANCISCO, Cal., Oct. 17.—As a preventive against spread of Spanish influenza under regulations regarding today by the health department, closing orders were issued to the theatres, public and private schools, churches, private and public dances, indoor social gatherings and cabarets.

BLOOMINGTON, Ill., Oct. 17.—Dissatisfied with the wage advance recently granted them, 500 laborers at the Chicago & Alton railroad shops in this city struck today. Their places are being filled rapidly.

AMSTERDAM, Oct. 17.—The Handelsblad publishes with reserve a report that the German admiralty has issued wireless instructions to all submarines to return to their bases.

THE HAGUE, Oct. 17.—By The Associated Press.—J. T. Cramer, former minister for the colonies has been appointed Dutch minister to Washington. It was officially announced tonight.

LOS ANGELES, Oct. 17.—Helen Keller, famous for having, the blind and deaf, learned to speak the lips of a speaker christened the cargo vessel, West Arvad, launched today. It is the twelfth ship to be built here for the government.

BERNE, Oct. 17.—Germany's reply to President Wilson's latest communication was expected to be drawn up and despatched to Washington tonight, according to the latest advices received here from Berlin.

The Semi-Official Newspapers in Germany indicate that it is certain that Germany in the note will seek to continue the conversation.

AN ATLANTIC PORT, Oct. 17.—Bishop Julien of Arras, arrived here tonight on a French liner to attend the Golden Jubilee of Cardinal Gibbons.

AMSTERDAM, Oct. 17.—Burian, the Austro-Hungarian foreign minister addressing the foreign affairs committee of the Austrian delegations on Wednesday, said that he had not yet received President Wilson's reply to Austria. He said:

"In the discussion of such documents we always establish an agreement with Germany."

AMSTERDAM, Oct. 17.—It is reported in Vienna, according to the Tagblatt that President Wilson's reply to Austria-Hungary was known in Berlin on Tuesday evening. The Tagblatt remarks: "Why its contents were published in Vienna nor Washington does not appear."

EL PASO, Texas, Oct. 17.—Twenty-four deaths occurred today from influenza among Mexican population of El Paso and nine among Americans. All Mexican cases are being concentrated in a large Mexican school by the Red Cross in an effort to check the epidemic. The disease has practically run its course at Fort Bliss.

DULUTH, Minn., Oct. 17.—Fires thruout the burning districts of six counties of northern Minnesota are tonight considered well under control and there seems little chance of their breaking out again. The entire section of the country is being patrolled by hundreds of soldiers and home guardsmen and every blaze that is not isolated by back firing, is being quenched.

At Moose Lake conditions are as nearly normal tonight as can well be. Relief work is progressing in a most favorable manner and rescue work has developed into a search for bodies, many of which authorities at military headquarters said may never be located.

INFLUENZA IN ILLINOIS SPREADS WITH RAPIDITY

All Public Gatherings Thruout State is Prohibited

CHICAGO, Oct. 17.—All public gatherings thruout Illinois not absolutely essential to the war were prohibited in a proclamation issued by the state influenza commission with the approval of Governor Lowden late today.

The proclamation follows: "The commission appointed to devise ways and means for checking the epidemic of influenza now prevalent to prevent all unnecessary social gatherings for the present. The department of public of the state of Illinois by virtue of the power in it vested does hereby order and direct that all public gatherings of a social nature, not essential to the war be discontinued until the further order of the department. It is further ordered that all public gatherings not herein expressly prohibited and not prohibited by previous orders of this department must observe the following rules and regulations.

"1. A condition of crowding shall be prohibited. "Persons affected with colds shall not be admitted. "Coughers, sneezers and splitters shall be excluded or expelled. "4. The premises shall be properly ventilated, heated and cleaned."

Dr. C. St. Clair Drake, director of public health for Illinois, explained the proclamation before departing for Springfield where his wife who has been actively engaged in hospital emergency work has been stricken by the disease.

This order means that there will be no football games Saturday, and wrestling bouts and no other public entertainments that will draw crowds of people and this includes club meetings, meetings of all kinds, dinners, luncheons, in fact everything that is not absolutely essential to war work," he said.

Reports from 160 downstate communities show the presence of 4,385 new cases among them 150 at Kankakee, 83 at Mattoon, 81 at Palatine, 103 at Springfield, 232 at Peoria, 182 at East St. Louis, and 40 at Zion City. Champaign now has 528 cases. Mr. Olive 67 cases and Marengo 200 cases, this gives an idea of how the epidemic is spreading."

Chairman of all political parties, in Illinois, saying: "At present there are about 300,000 cases of influenza in Illinois and a conservative estimate would be that this number will reach 600,000. In Chicago where the crest of the epidemic has not been reached there have already been 2,734 deaths."

"Extending steadily southward the disease has now appeared in practically every section of the state in many instances completely paralyzing local activities. In some cases two thirds of the population has been afflicted and it has become necessary for medical, nursing and material aid to be sent from other parts of the state."

"I feel certain the federal, state and local authorities struggling against unquestionably the most epidemic the nation has ever seen, will have there co-operation of your origin and you will take steps for protection of the lives of the people by urging abandonment of all public gatherings or meetings in any part of the state until the epidemic is under control."

fields have been devastated. These artificial mines will no doubt be worked for years and German steel turned into tools for French farmers.

Girls who have sweethearts "over there" should be warned. One who has just received the following admonition from her soldier boy. "Please use my full name and the letters of my company when you write to me, with the same name and initials read your letter before it reached me."

The price of Liberty is absolute victory over the Hun.

The Hancock board of supervisors has set an example that Morgan county might follow to advantage. They have ordered the purchase of a war record book in which will be kept a record of all those in the county who are in military service. This book will contain the name and date when inducted into service, rank, promotions, death of any, or honorable discharge.

The November election is but a few weeks away and voters should not neglect the little ballot on questions of public policy. Vote for the proposition that will give us good roads and the one for the revision of the constitution of the state. The one will in time give us hard roads at the expense of auto owners and the other gives the people a chance to vote for or against a new constitution when it is revised, and that will probably be several years from now when our soldier boys are at home again.

UNCLE SAM'S FARM

"First in corn, first in farm crops, and first in aggregate farm wealth. This is Illinois—Uncle Sam's greatest and most productive farm." This is the gist of the story about Illinois agriculture as told in a booklet entitled, "Illinois—Mighty Agricultural Patriot," by H. E. Young, secretary of the Illinois Farmers' Institute.

The publication is a centennial contribution of the State Farmers' Institute. It is profusely and attractively illustrated and contains a fund of interesting and instructive information which everybody should know. The facts are presented in an unusually impressive way which enables the reader to realize and appreciate the true greatness of Illinois.

No one can read this story of Illinois agriculture without a feeling of patriotic pride. With a clear understanding of the position Illinois occupies in the foremost ranks of food producing states, it is little wonder that her farmers are making so conspicuous a record in war work.

Detail statistics covering the production of food products, including live stock, by counties, are also given in this new Institute publication. The book is distributed from the office of the State Secretary, Springfield, and may be had free upon application.

FARMERS RECEIVE ADJUSTMENT OF WHEAT PRICES.

The grain corporation of the United States Food Administra-

tion has ruled that any wheat bought on a lower basis than freight and 8c per bushel under the most favorable zone terminal price, be termed as bought and sold at an unfair profit. Considerable quantity of the crop had been purchased prior to this definite ruling.

Representatives of the Illinois Farmer's Grain Dealer's Association met with members of the U. S. Food Administration in Chicago. After careful analysis of the situation, these representatives agreed as a patriotic measure and regardless of their personal opinions, to immediately adjust their purchases from July 1, 1918 to date to conform with this ruling.

In other words, the farmers will be compensated by mills, elevators, and grain dealers on all wheat sold where the price paid was not equivalent to the government prices less freight and maximum of 8c per bushel gross handling profit.

In order that there can be no discrimination, the grain corporation has announced that any dealer failing to make adjustment will be cited to appear before the enforcement division of the U. S. Food Administration to show cause why his license should not be revoked for unfair practices.

GOOD ROADS WITHOUT TAXES.

If Highway Improvement in Illinois is to be left to the whims and fears of the 102 county boards in Illinois, it will be many, many years before we will get a road system over which one can travel many impassable sections in bad weather. Bad sections in a good road measures the usability of a road system.

Why not authorize the state Highway Department and the Governor to build 4,800 miles of hard road of uniform type and extending into every county within five years after the war? The motor vehicles will pay the bill out of the license fees they pay and they are willing. Get a network of dependable hard roads all over Illinois in the near future instead of waiting for the many counties to build roads a little each year.

Remember no taxes to pay for this system will be charged against any real or personal property in the state and remember also to mark the little road improvement ballot which will be handed you on Nov. 5 with a cross after the word "YES," otherwise you will count as voting against the proposition.

STAND BY THE WAR.

William H. Hays, chairman of the Republican National committee, in a recent speech stated the platform of the Republican party clearly and concisely. He said: "The Republican party says to the country—STAND BY THE WAR."

"In this declaration of purpose is included the statement which the Democratic party seems to have adopted as a slogan—"Stand by the President."

"Stand by the President in support of all war measures is a duty and privilege which the Republicans have assumed as a matter of course, as to all that the great office implies, and in the performance of which duty the Republican party has functioned far more fully and efficiently than the Democratic party, and in which course we shall persist without waver or shadow of turning."

"The Republican party says—STAND BY THE WAR."

"This includes more. It includes: Stand by the President; it includes stand by every public official, high or low, measured by the thoroughness with which that public official stands by the war; it includes stand by the government; stand by this country; stand by our allies, every one; stand against our enemies in this war, every one; stand by our soldiers in France and the soldiers of our allies; stand by every effort for WAR SAVING and WAR GIVING in this country; stand by the Fourth Liberty Loan and every other war effort; stand for the cause for which we fight; stand by the "irreducible minimum" of peace terms so splendidly enunciated by Senator Lodge; stand by the war aims of this country to vindicate American rights, interests and honor and to forever end Prussianism in the world and the oppression which it typifies, and to make certain forever the inability of militarism, Prussian or otherwise, to disturb again the peace of the world; stand irrevocably for peace with victory only and against a peace based on a compromise of principles which would make a sacrifice of our sacrifices to be made again by our grandchildren; stand for the preparation now of a sound and proper foundation for a policy of reconstruction after the war which will fulfill the economic needs and realize the spiritual ideals of our people, that the greatest good may come also to our own country from, and after, our supreme sacrifice."

All this we say—STAND BY THE WAR—and for this purpose we dedicate the last of our blood and of our treasure."

Rippling Rhymes By Walt Mason

JOHN BARLEYCORN

John Barleycorn, my jo, John, since nations had their birth, you have, with beauty arranged, infested this old earth. But now you see your finish, John, and many fits you throw, the bells are tolling knells for you, John Barleycorn, my jo. This war has slain its millions, John, and many more must die, but you have killed far more than war, with your old gin and awe; the men who fall on battlefields, our prayers and blessings know, but those you slay must die in shame, John Barleycorn, my jo, John Barleycorn, my jo, John, your tricks cannot

avail; you cannot set aside your doom by blowing in the kale; nor can the tears of crocodiles which down your whiskers flow, avert one hour the bier; and shroud, John Barleycorn, my jo. 'Twill be a better world, John, when you've removed your sign, when you no longer poison men with tanglefoot and wine; for every plank you handle is the price of pain and woe, and that's a tainted sort of coin, John Barleycorn, my jo. You've wearied all the world, John, you've tired the soul of men, and when you chase yourself away you won't come back again; you're letting go by inches, John, but you will have to go, and so skidoo and fare thee ill, John Barleycorn, my jo.

MEETING POSTPONED
The meeting of the Morgan county teachers association announced for next Saturday has been postponed on account of influenza.

SHOWS ABATEMENT.
According to report of the city physician some abatement in the influenza situation is shown. Only a very few new cases were reported yesterday and now all those ill are said to be recovering.

RETURNS FROM CAMP
William F. Kitchen has returned from Camp Custer, Battle Creek, Mich. where he was called on account of the serious illness of his brother, Arthur J. Kitchen. The soldier was ill with influenza and is now recovering.

County's Quota M. F. Dunlap Declares is Just Sufficient to Provide for Own Men in Service One Year—Some Reasons For Buying.

At a meeting of Liberty loan campaign workers held last night at the Ayers National Bank building reports were made by various committees and intensive solicitation work for the final two days of the campaign was outlined further. M. F. Dunlap made an informal talk which very greatly impressed all the workers present and they were very anxious to pass it on to the public, feeling very certain that in this way some would see the Liberty bond question in a new light.

"Saying for Our Own," said Mr. Dunlap, "that Morgan county has about 1300 soldiers in the army service and since statistics show that it takes practically \$1,300 to maintain an American soldier in the army service a year, the bond allotment for the county will just raise sufficient funds to take care of our own soldiers for a year's time. Thirteen hundred soldiers at \$1,300 is \$1,690,000 and the bond allotment for the county is \$1,746,000. Certainly, looked at in no other light bond buying should gain in impetus from this thought for Morgan county people do not want the funds for the care and comfort of their own soldier contributed by some other county. That is exactly what will happen unless Morgan county comes to the mark and subscribes its full quota."

Borrowing to Buy Bonds.

Another point it seems to me, to be dwelt upon in this campaign is the fact that a number of well to do people who do not happen to have money on deposit do not feel that they should or possibly can, buy bonds. If these same people wished to buy merchandise or livestock and did not have the money, their first thought would be to see their banker. The same policy should obtain now for bankers as a general rule are very willing to lend reliable people money for the purchase of Liberty bonds. Especially they know that their customers are thus buying bonds with the best security possible and making an investment with a certain and excellent return.

"The dispatches from overseas indicate that Germany is in a financial panic and there is a decided unrest in stock and grain markets there. The whole financial system is disturbed and I venture that the kaiser himself does not have enough confidence in Germany's condition to lead him to make large investments in German bonds. Yes, they are greatly disturbed in Germany just now over financial affairs and it is one of the hopeful signs looking toward peace. Here in this country conditions are just the opposite."

A Sound Investment.

"Investors who are urged to lend their money to their government in the purchase of Liberty bonds know that they are buying securities of the gilt edge type and that are worth all the money they are paying for them. They know pretty well too, that judged by history that if peace comes within any reasonable time the bonds are very liable to be worth not only their face value but a premium as well. It would not be at all surprising to see them sell at 12 or 15 points above par. These are only some of the reasons for bond buying—an act that patriotism and good business sense both suggest."

Mrs. L. W. Chambers and daughter, Miss Marie Chambers, will leave tonight for Chicago. While there they have been guests at the home of Miss Eleanor Moore.

Mention has already been made of the illness of Mrs. R. G. Vasey with influenza. She is now recovering and her three sons are all ill.

REYNOLDS FUNERAL AT PITTSFIELD TODAY

Mention was made of the recent death of David Reynolds at Camp Taylor. The deceased was the son of W. W. Reynolds of Pike county, who is an uncle of Thomas and Dr. R. R. Buck, "Thorpe" and of W. H. Cocking of this city. They are all expecting to attend the funeral which will be held in Pittsfield today. The remains passed thru Jacksonville yesterday on the Wabash afternoon train in charge of Elmer Whalin of this city, who is in the army service at Camp Taylor.

The Whisper That Comes in the Night

The Glorious Knowledge Women Gain When a Wonderful Thought Steals Over Them.

Happiness in its most thrilling degree comes to women with the thought of possessing a baby.

Every woman in the joy of coming motherhood should prepare her system for the unusual strain. Three generations have found the tried and reliable preparation Mother's Friend, in most cases time. By its daily use throughout the period, the skin of the abdomen is made soft and elastic, expanding muscles relax when baby arrives, and pain at this time is in this way avoided.

The inflammation of breast glands is avoided. Obtain from your druggist, by all means his great preparation which science has created for 22 many years to expectant mothers.

Write the Bradford Regulator Company Dept. B. Lamar Building, Atlanta, Georgia for their helpful and interesting Mother's Friend Book, and begin the use of Mother's Friend. It is for certain use, is absolutely safe and wonderfully effective. And remember, there is nothing to take the place of MOTHER'S FRIEND.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequent rubbing zemo blisters disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth," a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them, 10c and 25c per box. All druggists.

Why hesitate, thereby delaying the work of our government, particularly as it is a loan and not a gift that is asked? Are we back of our boys?

This district has done well, with 70% of its quota subscribed, but must speed up. Why endanger our country's safety? Come in and subscribe.

Our government has asked us to lend it the money needed to wipe out Kaiserism—to make this country safe. The money must be forthcoming quickly. Shall we do our part loyally and willingly, or shall we force other measures? If fighting was stopped tomorrow, billions of dollars must still be raised. ACT NOW.

FUNERALS

Carter.

Funeral services for Pitner Carter were held from the residence of his sister, Mrs. Roland Stice on East College avenue, Thursday morning at 10:30 o'clock, in charge of the Rev. C. G. Cantrell of Concord. Rev. Cantrell spoke words of comfort to the bereaved ones, dwelling especially upon the exemplary life of the deceased and the love and esteem in which he was held by those who knew him. Music was furnished by Miss Cora Graham, Miss Edith Carlson, C. L. Mathis and W. W. Gillham. There were many beautiful floral offerings and these were cared for by Misses Lillian Carter, Dorothy Weber, Faye Skinner and Opal Brown. Burial was in Diamond Grove cemetery, the hearse being driven by Harold Sandberg, Harry Sandberg, Charles Race, Fred Cain, Lyle Wyatt and Eugene Milburn.

MISSIONARY CONVENTION IS POSTPONED

Announcement has been made that the district meeting of the Woman's Home and Foreign missionary society of the M. E. church has been postponed on account of the influenza. This meeting was announced for Waverly Oct. 23 and 24. The sessions will probably be held in November but further announcement will be made.

DEATHS

Lyons.

Thomas Lyons died at his home in Waverly of pneumonia following influenza at 4 o'clock Thursday morning. Deceased was 77 years of age and had resided for many years in Waverly. His widow and five children survive. Arrangements for the funeral have not been made.

Richards.

Fred E. Richards of 318 Yates street died at the emergency hospital at 8:45 o'clock Thursday evening of pneumonia following an attack of influenza. Deceased was the son of Mr. and Mrs. Joseph Richards of 318 Yates street and was 18 years of age at the time of death. The body was removed to Gillham's undertaking parlors and prepared for burial. He is survived by his parents and one brother and four sisters. A sad feature of the death is the fact that the family are confined to the home with the same disease. No arrangements have been made for the funeral.

Coray.

Silas G. Coray, a resident of Jacksonville for more than fifty years, died at his home, 751 Hardin avenue at 2 o'clock Thursday morning. He had been ill since September 11. Silas G. Coray was born in Nauvoo, Illinois, March 4, 1842. He grew to manhood in that city and when the Civil war started he enlisted in Company K, 18th Regiment Illinois Infantry at New Salem, Illinois. He served during the four years of the war making a splendid record.

At the close of the war Mr. Coray came to Jacksonville where he has since made his home. He was twice married. His first wife was Miss Cornelia Wells to whom he was married October 21, 1865, in this city. He was again married in Chicago July 6, 1896 to Mrs. Emma May Davidson, who survives. He is also survived by two sons, Edward and Charles Coray, both resident in Colorado Springs, Colo.

During his residence here Mr. Coray followed the occupation of carpenter and contractor and was accounted most skilled in his work. He was a member of State Street Presbyterian church and his private and public life was such that he commanded the respect of the entire community in which he lived.

Funeral services will be held from the residence, 751 Hardin avenue in charge of the Rev. E. B. Landis and members of Matt Starr Post, G. A. R. The services will be private owing to the prevalence of influenza. Burial will be in Jacksonville cemetery.

Watt.

Horatio Watt, son of James R. and Teresa McMillen Watt, so well known to many in this city, quietly passed away at 7 o'clock Thursday morning at the family home, 518 South Diamond street.

For years he has been in a delicate condition, both heart and lungs being affected, but he bravely went along from day to day performing the duties devolving upon him as partner with his father in the confectionery store on East State street. Sunday he was taken sick but his condition was hardly regarded serious until Wednesday when two physicians were summoned but the frail machine had run down and human skill was helpless. He was lying apparently not suffering and asked his mother for a drink as she was about to go down stairs. She went down and returned to comply with the request and found her child had breathed his last.

The deceased was born in Litchberry, August 5, 1885 where he lived all the family moved to Jacksonville in 1899. For some time his father was secretary of the Y. M. C. A. and Horatio attended the public schools and was always a studious pupil and well behaved. He was always rather delicate but kindly and cheerful and a general favorite, while at the same time he was such that his parents were never anxious regarding his behavior at any time.

He had been a member of the Christian church fourteen years and one of the secretaries of the Sunday school and faithful in the performance of his duties.

He is survived by his parents and one brother, Floyd, a member of Battery A, 123rd Field Artillery, A. E. F., and in France. Mrs. Watt is a sister of Mrs. Jerry Cox and each can sympathize with the other in the loss of a much loved son and so near together. They will have the sympathy of a wide circle of friends.

The funeral services will be conducted at the family residence, 518 South Diamond street at 2:30 p. m. Saturday.

CAMP FIRE GIRLS ON HIKE.

A number of Camp Fire girls enjoyed a tramp Wednesday afternoon when they went to Gravel Springs three miles west of the city, and cooked supper in the woods. The girls enjoyed both the hike and the supper immensely. They were chaperoned by their guardian, Emmeline Leonard, and Rev. W. E. Collins. The party included Elizabeth Cogswell, Marjorie Black, Marie Tholen, Alice Carter, Aloise Smith, Mary Winchester, Irene Groves, Elson Pires, Alice Laurie, Pearl Moxon, Virginia Spink and Maurine Lindeman.

EBENEZER-WESLEY CHAPEL.

Owing to the decisions of the state board relating to assemblies, there will be no services at either appointment next Sabbath. May all members of the Sunday school study the lesson for the day and thus get your credit for it. On Saturday afternoon there will be held at the Y. M. C. A. parlor the first quarterly meeting. Let every member of the official boards be present. James O. Kirkpatrick, Pastor.

THE LOCAL RED CROSS WORK

Excellent Results Being Attained and the Sick Properly Cared For.

Another day has passed and the beneficent work of the Red Cross organization is going forward in a satisfactory manner. Mrs. King expressed herself much pleased last night with the work of the day. The girls of the patriotic service league were the messengers of mercy to the number of about twelve and to 39 persons meals were served three times and five extras for supper. Ten patients are in the emergency hospital at the open air school building. Ladies have been kind in helping with the cooking and all has gone well so far. Donations of food will be thankfully received at the open air school building. Gifts have been liberal so far; don't let them be less.

In addition to this Rev. W. E. Collins is chairman of family relief and has special charge of emergency cases and no one could have been found to do the work better. With his wheel he flies rapidly in response to calls for help and with good judgment and immediately affords the assistance needed. If a person is at a distance and must come home he wires the money; if a person at home must have help he sees to it and is all that could be asked in his especial place.

MATRIMONIAL

Kane-Hoban.

The marriage of Frank J. Kane of Springfield and Miss Sarah Hoban of this city was solemnized at the Church of the Immaculate Conception in Springfield Thursday morning at 7 o'clock. The service was said by Rev. Father Sullivan, a large company of relatives being present. After the church ceremony a wedding breakfast was served at the home of Stephen D. Kane, a brother of the groom. The house was prettily decorated in autumn tints and the whole event was one of great pleasure.

Mrs. Kane is a daughter of Mr. and Mrs. Patrick Hoban of this city and was formerly employed in the office of the Central Union Telephone Co. The groom who is a son of Mrs. Anna Kane, living at 818 West Scarret street, Springfield, is a Wabash engineer. The young people have many friends to wish them happiness. They have gone east for a wedding trip.

SENATE COMMITTEE REVISING REVENUE BILL

WASHINGTON, Oct. 17.—The senate finance committee in revising the war revenue bill today struck out house provisions taxing the salaries of the president, members of the supreme court and superior courts and state officials. The committee also rejected house provisions taxing state and municipal bonds. The committee held that such imposts would be unconstitutional, Chairman Simmons announced.

The federal government's right to tax the salaries of the president, judges and state officials as well as the income from state and municipal bonds has been the subject of discussion in both houses ever since it was first proposed. In the senate recently Senator Knox of Pennsylvania, Republican, declared such a provision would be constitutional, but Senator Thomas of Colorado, Democrat, and several others insisted the federal government had no such powers. Senator Simmons announced tonight that the house provisions taxing the salaries of military and naval officers had been re-opened by the committee with a view to amending the measure so as to differentiate between officers

holding clerical jobs at home and those in actual service. Discussion of the surtax section which the committee had planned to take up today was deferred owing to the absence of Senator La Follette who was called away by the death of a relative.

MICHIGAN OVERSUBSCRIBES LOAN QUOTA
Chicago, Oct. 17.—Michigan has oversubscribed its quota of \$147,900,000 for the fourth liberty loan it was announced at the seventh federal reserve district headquarters tonight. It is the second state in the district (Iowa was the first) and one of the first in the country to complete its allotment. Total subscriptions reported today were \$153,600,000 or \$5,000,000 in excess of the quota.

NEW COMMANDER AT CAMP GRANT.
Rockford, Ill., Oct. 17.—Brigadier General E. H. Plummer will arrive at Camp Grant tomorrow to take direct charge of the replacement troops. He formerly held the rank of major general at Camp Dodge but failed to pass the physical examination for overseas service and was reduced in rank. He comes to Camp Grant from Fort Sill. Colonel G. I. Reichmann also will arrive at the camp to take up a command tomorrow.

AMERICANS MAKE SLIGHT ADVANCES

WITH THE ANGLO-AMERICAN FORCES IN THE LE CAU-TEAU SECTOR, Oct. 17.—10 p. m.—(By The Associated Press)—The Americans and British made good progress today and advanced to L'Abre de Guise, 500 yards west of Ribesville and 500 yards east of La Vallée Mulaire. Americans now driving near Masignien and British towards Wasigny, which they are nearing but both groups had to fight all the way against stubborn resistance of seven German divisions. Germans counter-attacked at several points with especial violence at La Vallée Mulaire and west of Ribesville.

American forces are co-operating, this afternoon capturing 2,000 Germans. The French first army south of them took more than a thousand of the enemy. British main forces are driving past both north and south of Lille.

HOLLAND TO SEND MISSION TO AMERICA

In the Hope of More Firmly Cementing Friendship of the Two Nations—Spirit of Dutch People Misunderstood Abroad, is Statement.

Amsterdam, Oct. — (Correspondence of the Associated Press)—Hollanders have been told by their friends in the United States that American opinion is undergoing a change adverse to Holland. To combat this a Netherlands society is preparing to send a special mission to America in the hope of more firmly cementing the friendship of the two nations.

Friends of Holland in the United States, according to the Handelsblad, which is regarded as the leading newspaper in the kingdom, have sent word to Holland that the feeling in America is that the people of the Netherlands seem "indifferent" to the tremendous issues of the war.

The paper declares that the consensus of American opinion is that the Dutch fail to appreciate the purity of America's motives, that the Hollanders think of nothing but to keep out of the war and enrich themselves and that the loudness of their protests against any inconveniences they may have suffered as a result of Entente war measures is not proportionate to the moderateness of their complaints against Germany's crimes on land and sea.

The newspaper freely admits that there is good ground for reproach. "Many persons in Holland," it says, "judge the war and the leading statesmen of the various countries, especially America, in a captious, presumptuous, even cynical spirit, which is calculated to grieve Americans sorely. America can justly expect Holland to believe in the good faith of its declaration that it entered the war not from egotistical or selfish purposes but to free the world from the cancer of militaristic imperialism."

"Holland has not done nearly enough to enlighten public opinion in America regarding the true feelings of the American people. The spirit of the Dutch people is largely misunderstood and misinterpreted abroad."

STRONG ANTI-WILSON TENDENCY IN GERMANY

AMSTERDAM, Oct. 17.—Despatches from Berlin tonight indicate a strong anti-Wilson tendency not only in military quarters but also in those which have favored peace.

For example Herr Gothein, a member of the reichstag, writing in the Zeitung Am Mittag declares President Wilson has given a death blow to the idea of a league of nations. His position, the writer asserts, is one of brute force rather than equal rights and Germany would enter a league under such conditions with feeling of indescribable bitterness.

Gothein asserts that the idea of surrendering at the discretion of the Allies makes the blood of even the most confirmed pacifists boil and adds that altho he always has opposed unrestricted submarine warfare its relinquishment means an extraordinary weakening of the German military position.

A despatch to the Cologne Volks Zeitung from Berlin states that there will be exhaustive deliberations between the reichstag, the federal council and the supreme command as well as the leaders of all parties before a decision is reached concerning a reply to Mr. Wilson's note. It is said to be probable that the reichstag will not reassemble until next week.

It is rumored that Chancellor Maximilian has appointed state Secretary Groebbers as his representative in connection with the civil administration of maral law.

LONG RANGE GUN KILLS TWO

Paris, Oct. 17.—Two Americans were killed, one man was wounded and material damage was caused in the German bombardment of Dunkirk yesterday with a long range gun. A semi-official note issued here today says:

"The advance of the Allied armies in Belgium will cause this bombardment to be one of the last from which Dunkirk shall suffer."

NURSES WANTED.

Chicago, Oct. 17.—An appeal for women volunteers to act as aids for trained nurses to combat the influenza epidemic was made tonight by J. O. Cobb, senior surgeon U. S. Public Health Service, Chicago.

It was stated women were urgently needed in all parts of the central west, especially Illinois. Dr. Cobb said the nursing force available for Red Cross epidemic work is being seriously crippled because private nurses are given enormous salaries to care for special cases.

WOMEN AIDING IN WAR WORK

Many Prominent Trade-Unionists Numbered Among the Government's Emergency Helpers.

Women prominent in trade-union circles are taking an active part in the promotion of the Government war program. They are making every effort to throw the weight of their organizations most effectively into the war work. Many women are assisting the Department of Labor in salaried positions or as volunteers.

"We are encouraging trade-union women to develop their abilities to speed up war production," says Miss Melinda Scott a member of the American Federation of Labor mission to England and France. "If women are not getting proper recognition of their efforts toward winning the war it is not because they are not doing their share."

"There is a distinct place for women trade-union leaders, for they can approach their own sex and understand the problems confronting women in industry. Moreover, their appeal to women may have more weight than would the same appeal from a man."

Miss Scott is a member of the advisory committee for the State Council of National Defense, and State chairman of the New Jersey committee on women in industry. She believes that war production can be speeded up by throwing the proper safeguards about women workers, and is strongly in favor of an eight hour day for women in order not to overtax their strength.

Miss Agness Nestor, who also went abroad with the A. F. of L. mission, holds similar views. "In my talks to members, I insist that uninterrupted production is a prime war necessity," says Mrs. Sara A. Conboy, general secretary-treasurer of the United Textile Workers of America. She holds many important positions in organizations connected with war work.

"We are trying also to get union members educated to realize the value of money as a supreme factor in winning the war," she continued. "At a recent meeting of textile workers in Knoxville, Tenn., I induced each of the 1,600 present to buy a \$100 Liberty bond."

A large number of other trade-union women were taking an active part in the movement to show labor its stake in the war, among them Miss Margaret aly, Miss Ann Hogan, Mrs. Clarence Blackstone, Miss Mary E. Dreier and Miss Mamie Murphy. Mrs. Gertrude Breslau Fuller, of Pennsylvania, has been especially interested in the war work.

MISS MASSEY NOW WIFE OF DENBY KILLAM

Well Known Young People Married at Chapin Thursday Night—Will Live on Graves Farm.

The marriage of Denby Killam and Miss Irene Massey was solemnized at 7 o'clock last night at the M. P. church in Chapin. The bride, Miss Irene Massey, a member of Central Christian church in this city and because of the absence of Rev. M. L. Pontius it was decided to have another minister officiate and the young people accordingly drove to Chapin, accompanied by Mr. and Mrs. Fred O. Ranson. It is an interesting fact in connection with this ceremony that Thursday was the sixty-ninth birthday of both Mr. and Mrs. H. H. Massey, parents of the bride, so it goes without saying that Oct. 17 will hereafter be a very important anniversary date in the Massey and Killam families.

Both Mr. and Mrs. Killam are well known in Morgan county. The bride has spent all of her life in this locality. She was educated in the schools of Jacksonville and is a young woman whose many graces of person and character have given her an established place in the hearts of her friends. Mr. Killam is a grandson of the late Thomas Denby and was raised in his grandfather's home. He too has spent all of his life there and has so ordered his life that he ranks as one of the high class and well esteemed young business men and farmers of this county.

Mr. and Mrs. Killam will be at home after November 1 at the Thomas Graves farm two miles west of Jacksonville. Their many friends will join in extending hearty congratulations.

WHOLE TOWN HAS INFLUENZA

Morris, Ill., Oct. 17.—All but sixty of the approximately 1,500 inhabitants of the little village of South Wilmington in Grundy have been stricken by the influenza, it was learned today when Assistant Surgeon Wright of the United States public health service took charge of the situation there and issued a call for nurses to care for the victims. Every school and church in Grundy county has been ordered closed.

INJUNCTION DISMISSED

Cleveland, O., Oct. 17.—Common Pleas Judge Stevens today dismissed the injunction barring the National Baseball Commission the National League and the Boston National League team from interfering with Pitcher Scott Perry's retention by the Philadelphia American League team. The injunction granted last June on petition of Manager Connie Mack of the Philadelphia American team was dissolved on statement of attorneys that the controversy had been settled out of court.

APPEAL TO AMERICANS OF GERMAN DESCENT

NEW YORK, Oct. 17.—Otto H. Kahn, financier, in an appeal today to "Americans of German descent," in which he referred to the "law" stage of German names in the American army's casualty lists, implored them to "strain every nerve to equal or outdo our fellow citizens of native birth" in contributing for the Fourth Liberty Loan.

RESTRICTIONS RESCINDED

Washington, Oct. 17.—Restrictions as to lighting were rescinded as applied to Liberty Loan advertising in an order issued today by Fuel Administrator Garfield. Street signs, of door meetings and all campaign instruments, exempted from the lighting restrictions for the remainder of the campaign. The order issued by Dr. Garfield at the request of Secretary McAdoo accords with the public statement issued by President Wilson Monday declaring that the law must be subscribed.

After bitterly assailing Kaiserism for dishonoring all children of the fatherland, Mr. Kahn declared that "the war is over before very long." "This may be the last chance," he continued, "for some of us to obtain an adequate place in the pages of the book of honor of Liberty Loan subscribers. These pages will stand as a perpetual record as eloquent as the casualty lists."

Liberty Loan Figures Given

Chairman Capps of the Liberty Loan campaign committee was last night able to give out the subscription totals showing the figures for the various precincts and school districts in the county. In order to show the progress made since the last statement was published the totals up to Oct. 5 and Oct. 12 are given. These figures show that in some school districts the work was pushed and the quota reached. In other districts there has seemingly been some lack of co-operative effort. However it is confidently expected that in the two remaining days of the campaign that the \$407,000 needed to complete the quota will be secured. Because of the way the subscriptions are taken thru all the banks of the county and by the solicitors in the districts, it is not possible to make any statement bringing the subscriptions exactly down to date. In other words, quite a number of subscriptions have been made which are not included in the totals given below. The figures show total subscriptions thus far of \$1,309,800 as against a quota of \$1,746,000.

"The campaign is going fine," said Chairman Capps. "We lack a great many reports and the solicitors are enthusiastically at work. Morgan county is going to do her part in the regulation patriotic way and I am sure that the quota will be reached as the people realize the government's wish for this to be a popular loan, and furthermore, the urgency is fully apparent." The county figures are given:

VACCINE RECOMMENDED

New York, Oct. 17.—Dr. Cope-land of the city health department today announced the influenza vaccine discovered by Dr. William H. Park, director of the city laboratories, had been tested sufficiently to warrant its recommendation to physicians as a preventive agency. Virtually all the persons vaccinated with it have been immune to the disease.

INFLUENZA IN ARMY CAMPS IMPROVING

Public Health Service Directing Fight Among Civilians Thruout County.

Washington, Oct. 17.—The public health service now is actively directing the fight against Spanish influenza in thirty states in addition to the whole of New England and the District of Columbia. Particular attention is being given to nurses for the sick and physicians for those communities where doctors are unable to meet all calls.

Continued improvement in conditions in army camps was shown by reports reaching the office of the surgeon general of the army up to noon today. New cases of influenza in all camps during the twenty four hour period up to that time totalled 4,454 as against 5,668 the day before.

Pneumonia cases decreased from 1,895 to 1,800 and deaths were 684, a decrease from yesterday's total.

Reports on the influenza situation was received by the public health service today from 33 states, some of which show decreases. Most of these deal with conditions as they existed several days ago and added little to new dispatches previously sent out from the states affected.

They showed that the disease had reached epidemic proportions in Nebraska and was spreading in California, New York, Missouri, Kentucky, Iowa, Illinois, North Dakota, Ohio, Washington and Wisconsin. Conditions were described as satisfactory in Oregon, Minnesota, West Virginia and Tennessee. To provide additional funds for fighting the epidemic, Senator Lewis of Illinois, today introduced a bill in the senate to appropriate \$10,000,000 in addition to the \$1,000,000 already provided by congress.

The money would be expended thru the health departments of States and municipalities.

Because of the increased seriousness of the influenza epidemic in Washington the supreme court today announced that its recess which was to have terminated next Monday will be extended until Oct. 28th.

To prevent further overcrowding in Washington while the epidemic continues the war department today joined other government departments in directing that only employees absolutely essential to the conduct of government work be allowed to come to Washington until further notice.

DELAY WORK ON DEFICIENCY BILL

House Spends Day Discussing ar Risk Insurance Bill—Pay For Army Appropriated.

Washington, Oct. 17.—Partisan political discussion and criticism of the war risk insurance bureau, delayed action by the house today on the six billion dollar military deficiency bill. Leaders hope to pass the measure tomorrow and send it to the senate, but Representative Shirley of Kentucky in the charge of the bill warned the house that this was impossible unless discussion was confined to what is in the bill.

Commendation and condemnation of the work of the war risk bureau were freely voiced during the three hour discussion of appropriations of \$7,000,000 for clerk hire and \$70,000,000 for additional family allowances, both of which were approved. Representative Madden of Illinois Republican denounced the bureau as "outrageously inefficient" in administration and said it was filled with idlers.

In the political discussion which concluded general debate as the bill went to amendment under the five minute rule, Representative Magee, of New York and Campbell of Kansas, Republicans advocating a congressional committee to supervise government expenditures for the election of a Republican congress. Representative Heflin of Alabama Democrat in reply referring to election expenditures in several

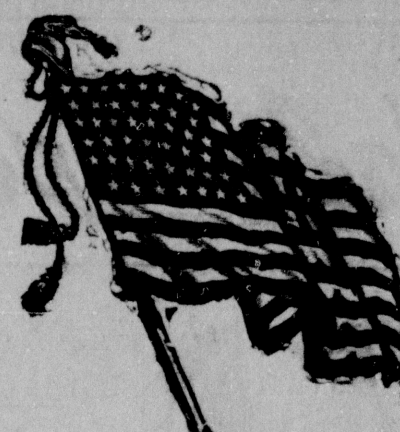

states, charged the Republicans with absolutely trying to buy the house and senate.

"Pay for the army, amounting to \$696,327,000 was the only important military appropriation considered today. It was passed without discussion.

YANEES OCCUPY IMPORTANT GROUND

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 17.—(By The Associated Press.)—In complete control of the Cote Chatillon, the Americans now hold the key to the great stretches to the north and northeast.

The hill, in fact, the final of three keys all of which have been bitterly defended. The first was Mamelle trench outside of Romagne, which, when won gave access to the equally vital Dame Marie and that position in turn gave access to Chateillon. From the latter position the great mass of German defense position to the northwest can also be controlled and the line can be exploited further without organized attack because each position is on a sloping hill that can be swept with an enfilading fire. The Americans took today as prisoners from the Germans two Russians who had been forced to labor in working battalions close behind the front line.

BUY BONDS TO SUPPORT YOUR OWN SOLDIERS

Just Two Days Left of Campaign and Committee Workers Are Very Active—Loyalty at Home and at the Front.

The Liberty Loan campaign committee is leaving no work undone in the effort to impress upon the residents of this county the duty that confronts them in supporting the fourth Liberty Loan. Active campaign work is being done in all the school districts.

Each and every citizen is being asked to consider this matter seriously and to decide, after remembering all the facts, whether or not his purchase of bonds has been in accordance with his means. The government has asked that the committee furnish a list of names of those who make no purchase of bonds. It is evidently the government's intention to then make some reason as to the reason that these non-bond buyers have for their action.

As Firefighter Fiedler of the sales committee said yesterday: "We as Americans have millions in our armies at the front doing valiant and actual service in this war. It is recorded that the number of desertions at the front is very small by comparison with the number of men engaged in the service. Here at home there is another army and on the loyalty of that army at home depends the success of those at the front. By comparison with the deserters in the field army the slackers in the home army are many," indeed.

"There are a great many people who have not purchased bonds who can well afford to make this investment. Possibly some of them should not be listed hastily as slackers, for as a matter of fact they have not made purchases because they have failed to consider the matter carefully and in its true light. When they do think about the boys at the front and the great need, and when they remember also that they are not asked to give this money but simply to lend it to their government, they get the right point of view and quickly change their classification from slacker to loyalist."

The Variety Sale for benefit of Passavant Hospital Laundry Fund will continue Friday and Saturday. Those who have donations please bring them Friday and Saturday.

A COSTLY ACCIDENT
A few days ago Oliver Dickson, a steady, industrious man working for George Ruble in the vicinity of Alexander, was working on some machinery when a piece of metal flew into his right eye causing a painful wound. He consulted an optician who found it necessary to remove the member and now there is danger that he will lose the other eye.
Mr. Dickson has a wife and three children and the case is peculiarly distressing.

THE SOLDIERS' MONUMENT
There is yet a ray of hope in the matter of the old soldiers' monument. The amount of building material simply for the foundation is not large and suitable affidavits have been forwarded to the head authorities regarding the matter and it is the earnest hope that the way for laying of the foundation this fall will be found. Meantime the old fellows are anxiously waiting to see the result. The assistance of several in power has been invoked and great hopes are entertained that the project may go through all right.

REV. F. C. READ HERE
Rev. F. C. Read has been assigned to the charge of the Methodist church at Lynnville and Mt. Zion and will be here the remainder of the conference year. Mr. Read is an earnest, industrious man and will undoubtedly do well as the spiritual shepherd of those flocks.

RED CROSS CIVILIAN WORK GETS RESULTS

Committee Has Had Several Recent Chances to Give Aid—Emergency Committee Work Progresses.

In these days the civilian relief committee of the Red Cross society is able to do some effective service. Various appeals are coming to the committee for assistance of one kind or another. Last Saturday a Morgan county soldier died at one of the army camps and relatives made various efforts to find out about the shipment of the remains but without avail.

The matter was taken up with the Red Cross organization, a message sent to the Red Cross director at the camp brought the desired information within a few hours' time.

The same thing was true in the illness of a soldier's wife. After the family had spent several days in an effort to reach the soldier the Red Cross committee was appealed to and quickly got into communication with the Red Cross camp director.

In this same connection it is interesting to note the work being done by the influenza emergency committee of the Red Cross organization. Six or seven cases are being cared for at the emergency hospital in the Josephine Milligan school and in various parts of the city the committee is giving aid at private homes. By the term "giving aid" this does not mean that the committee is engaged in charity work but in a number of instances where people are sick they are unable to secure necessities and have trouble about delivery of food supplied that the committee is able to render valuable assistance.

Members of the Boy Scouts organization, canteen girls and the camp fire girls are all deserving of credit for the assistance they are giving to this emergency committee. Any persons who are unable to secure delivery of food are urged to take this matter up with Harry Walker at the Y. M. C. A. Members of the Boy Scouts organization will be glad to give the necessary assistance.

FAVORS GOOD ROADS BOND ISSUE.

The Rotary Club unanimously favors the sixty million dollar bond issue for a State-wide system of hard roads because it wants to see the wheels go round and its members are sure that a state-wide system of hard roads will make the wheels of industry and commerce in Illinois move a lot faster. It favors the construction of a State-wide system of 4,800 miles of durable hard roads within five years after the war to be paid for entirely out of auto licenses and without a penny taxation on any other property rather than waiting many years for a patchwork system of all kinds of roads, good, bad, and indifferent, built by the 102 counties in the state, a little at a time or never.

That's why the Rotarians will vote YES on the Little Road Improvement Ballot on Nov. 6, and none of them will forget to mark the ballot and be counted as voting No.

JAMES F. HARVEY DIED AFTER LONG ILLNESS

Well Known Citizen Died Early Thursday Morning—Was Chief of Fire Department Under Mayors Widmayer and Holley—Funeral Saturday Morning from Residence.

James F. Harvey, a well known citizen of Jacksonville, died at his home, 313 East College street at 8 o'clock Thursday morning. Mr. Harvey had been in failing health for several years but had been confined to his bed for only the past four weeks.

During his illness Mr. Harvey was a great sufferer. He bore it all with great courage and fortitude and when the final summons came he was ready and his going was as one falling into peaceful sleep.

James F. Harvey was the son of the late Mr. and Mrs. James L. Harvey, and was born in Wakefield, Rhode Island, May 18, 1861. When he was four years of age the family came to Jacksonville, which has been his home since.

June 2, 1881 he was united in marriage to Miss Nellie Cahill of this city. To this union four children were born. Two of them died in infancy, and one daughter, Mrs. Ralph Briggs, died four weeks ago. Besides his widow, he is survived by one son, Leslie W. Harvey of this city. He also leaves two grandchildren, James Harvey, and Katherine Briggs, both of this city, and three sisters, Mrs. Al Clarke of East St. Louis; Mrs. Charles Hellenhal, of Springfield; Mrs. James York, of this city, and one brother, Joseph Harvey, of South Jacksonville.

Mr. Harvey was converted and united with the Church of Our Savior, and was always a faithful follower of the church. He was a member of Bricklayers' Union, No. 5, and of Jacksonville Camp No. 912, M. W. A.

During the administration of Charles H. Widmayer in 1895-7 and Abner Holley 1897-8, he served as chief of the fire department. He also served as assistant chief under Commissioner of Public Health and Safety, Louis H. Engel, 1911-15.

He followed the occupation of brickmason and for a number of years engaging in contracting. He was an expert in his trade and was employed in the erection of many of the finest buildings in his city and was foreman and worked on the building of the Hannibal Trust Company, of Hannibal, Mo., a structure similar to the Ayers National bank building.

Mr. Harvey was devoted to his family and was always anxious to do everything in his power to make their home life happy. An outstanding characteristic of his life was his devotion to duty. When he was given a trust he gave the best of his ability in carrying it out. He was considered one of the most capable heads the fire department ever had. Always kind and congenial, Mr. Harvey made many friends to whom news of his death will be received with sorrow.

Owing to the prevailing epidemic, the funeral services will be held from the residence, 313 East College street, Saturday morning at 10 o'clock instead of from the Church of Our Savior, with burial in Diamond Grove cemetery.

Members of Jacksonville Lodge No. 570, A. F. & A. M. are requested to meet at lodge hall at 2:30 p. m. to attend the funeral of Bro. J. G. Cox. Harmony No. 3 and visiting brethren are invited to meet with us.

A VETERAN VISITOR

A. J. Saffley of Kansas City is visiting here where he lived many years ago. Mr. Saffley deservedly wears the little bronze button and tells of his early experiences. He was but seventeen years old and wanted very much to enlist to crush the southern rebellion but his parents kept him out on account of his age. Again he tried it but was both too young and too small. Not to be daunted a placed a brick under his feet, figures 18 in his shoes and then was over eighteen and tall enough and was received in Co. E 101st Ill. Infantry and served to the end of the war. He was in the same company as Aaron Petefish of Litterberry and has visited his former comrade in arms enjoying a very pleasant time. He expects to be here till tomorrow and then return to his home in the metropolis of western Missouri.

THE FLU IN KANSAS

J. P. Lippincott has received a letter from his son, Prof. W. A. Lippincott, member of the faculty of the state agricultural college at Manhattan, Kansas. The young man says they have 1300 students there and so far they have lost but one person, a member of the faculty. There are 200 cases of influenza among the students but they generally seem to be of a mild nature. The professor said he had been caring for the invalids and was quite tired but well and all right otherwise.

MISS WALKER WRITES FROM OVERSEAS.

Miss Ella Walker, R. N., formerly a nurse and a graduate at Passavant hospital, writes her friends a circular letter: The American Red Cross, U. S. General Hospital No. 6, Fort McPherson, Ga. Oct. 14, 1918.

Dear Folks at Home: I would like to write a letter

to each of my old Jacksonville friends, but I haven't the time to do so and I hope you will pardon me for just writing one which you all may read. I would write more often but am just too tired at night to think. I walk most all day some days, not finding time to eat from 7 a. m. till 7 or 8 p. m., occasionally about 3 p. m., I have a meal.

More work and less help seems to prevail everywhere at the present time, largely on account of

the epidemic of Spanish influenza. Within the past two weeks we have had develop here at our own hospital 150 cases, ten of the nurses becoming a victim to the same disease, one at a time. No fatalities as yet, but the crisis has not yet come. I have been informed that 160 cases are to be sent here tomorrow.

Two weeks ago today I received 50 overseas cases in my department (mental and nervous) and 135 more are on the way now, which will make nearly 300 patients whose care and treatment will be under my supervision. So if in the future you hear from me even less frequent please remember that I am still thinking of you.

I was so sorry to learn of the death of Mr. Gates; the family have my heartfelt sympathy.

I enjoy immensely the letters I receive from the Ball family. I have always been especially interested in Joel Crouch and Dallas Hagan and am pleased to know they are both attending Illinois college this year.

I hope Mrs. Worthington continues to improve. I am glad that Morrison is in the service and I hope he is well and happy in his work. I want to be remembered to Mr. and Mrs. Roy Harney with whom I spent my last months in Jacksonville. To Mr. and Mrs. Wannamaker (Howard). I wish to say I hope they are well and that their good boy is being well cared for wherever he is.

Best wishes I send to Mr. and Mrs. J. J. Reeve and I would be glad to hear from them. To the members of the Baptist church I wish to say that I would like to be remembered in your prayers, and last but not least, to the nurses of Passavant Memorial, graduates and under-graduates and others interested in the same, don't be satisfied with doing your bit, but do your best to help alleviate pain, sorrow and sickness or suffering humanity at this particular time.

I would like to get a furlough next month if possible, but it looks very much as if there would be no chance. I have been notified that I have been appointed a delegate to the State Association of Graduate Nurses which will be held in Chicago next month. I shall have to write the secretary of said Association not to depend on me for prospects of going look too unfavorable at present.

With kind regards to all my acquaintances, I remain as ever, Your sincere friend, Ella Walker.

A LETTER FROM SYRIA

John Hadden has received the following letter from his nephew in Palestine and Syria: With the Egyptian Expeditionary Force.

Dear Uncle: I must tell you I have been in a hospital for a short time. The fever got me. I was not sorry to go to a hospital as I felt absolutely run down. Besides we have an absolutely rotten sergeant ma-

for and I can assure you I was not at all sorry to get away from him. He seemed to be of the opinion he could speak to me just as he thought, but I fancy he got the surprise of his life. He thought I would take all his bullying lying down but I am not one of that sort, uncle. I am but a little chap but once I start chin wagging I don't stop till I have had my say. Of course I was put under arrest and next day was brought before the "O. C." I told just what had happened and that I objected to being treated like a dog. Of course he talked a lot of piffle and discipline, etc., and let me off so you can see I scared off the S. M. I left our crowd July 22nd and was put on a Red Cross train for Alexandria. This was a journey of about 400 miles but the traveling was quite comfortable so I did not mind the journey. There was a big crowd of us when we arrived at Alexandria. Motor cars were waiting to take us to the hospital. I was only in the hospital ten days when I was asked the doctor if I could not pull out so he sent me down to convalescent camp about 12 miles away. It was really a lovely spot, right on the shores of the Mediterranean Sea. The property belongs to the Sultan of Egypt. (This should be Khedive). He handed it over to the British for a convalescent home soon after war was declared. We could go sailing, fishing, play cricket or loaf about the place. I mostly bathed and loafed. Of course we had fine recreation rooms, billiard tables, etc., and plenty of shower baths. The only fault I had to find was with the food which could have been much better. Still I suppose it could not be helped; must be thankful for small mercies. I only stayed there a week when I was transferred to the camp.

This place is also on the Mediterranean Sea and we are camped in tents on the shore and you can bet your bottom dollar uncle, I am having a good time. We have very little to do. We have reviled a five, call at 15 and a very mild form of physical drill till six which lasts only about half an hour. After breakfast we have a bit of a route, march and arrive back in camp about ten when we are finished for the day. Not too bad, is it? We do a piquet in Alexandria occasionally but that's a pretty soft job for no one objects to it. So you are a retired farmer, uncle. Hope you are not one of those bloated American millionaires I have read about or I shall be scared to come to see you. If ever I come to America. For all that, money is a very useful commodity. I am one of those poor, unfortunate devils who never seem to have any money, still I always manage to run along and as long as I am happy what does money matter? As you remark I think you are doing your share toward winning the war. I don't know how we should get on without you farmers. Pleased to hear aunt and yourself enjoy good health; it's a great blessing.

So all my cousins are married and all farmers. I hope they are well. Farming must be a paying proposition now the war is on. You say your youngest son has been called out yesterday. There is no doubt he will be doing more for his country by farming than by fighting but I suppose he will be like all other young men, get the war fever and join us. If he does I wish him luck but it's a jolly rough life I can assure you. Still, I'm not at all sorry I joined up. I am very sure we are fighting in a just war and according to the news coming thru from France we seem to have the enemy properly guessing. It is certainly time we got a move on. I am sure no nation on earth would have stuck to it like the good, old Britishers.

As you said, a Britisher is noted for his grit but how the deuce our chaps stuck to it the first to go off, beats me. It must have been absolute hell but that's all over now. And we are giving the enemy a little of the same sort of medicine he gave us at first. Somehow he doesn't seem to relish it. We have him beaten for sure. I am firmly of the opinion the war will be over by Christmas. I see the Americans are doing jolly good work in France. More power to them I say.

Thanks very much for your kind invitation to visit America. I should like very much to meet you but I am afraid you people out there hustle around too much to suit me according to what I have read of your countrymen. By the way, uncle, why don't you take a trip to the old country after the war? I am sure dad would be very pleased to see you. What a lot you would have to talk about, as you have not seen each other since you were young men; it doesn't cost much to go to Europe. Your people will be flying the Atlantic before long.

I am pleased to know you have a warm place in your heart for dear, old England. She may be old fashioned but it's England and home and that's everything. Uncle, the good old English navy does a grand work. I don't know how you would have got your armies across without their help. They are a grand crowd; every Jack of them. So have an Uncle Jim in Jacksonville, too, is he farming? Pleased to hear there is another Harry Hadden giving a hand to whip the Hun. Good luck to him; hope he comes thru safely. Give Uncle Jim and family my love. As you say, I am confident too the Americans will make their mark against the Germans. Altho they were a bit slow coming in. They will undoubtedly turn the scale in our favor. You ask if I took part in the campaign that ended in the capture of Jerusalem, yes Uncle John, I am proud to say. I was right in the thick of it. Our division, the 75th, was the one that had the honor of taking the village that was the key to Jerusalem. If we had not taken this village it would have been impos-

sible to take Jerusalem. Of course we are very proud of the part. On account of that we are allowed to have a key stenciled on all our vehicles. If you could only see the tremendous hills we had to go over you would be surprised that we managed it at all. The roads were simply awful and the rainy season was on too but the good old British grit won again.

We no doubt have a top hold man in Gen. Alleby. I don't think he has made one mistake so far. I have seen some thousands of Turkish prisoners and must say I don't like much of them, but the beggars are good. Clear fighters; no doubt about that. I have bumped against the Hun several times in German East Africa but they would never stick it out more than a day or two; they seemed to be great on trickery.

I had my photo taken last Monday and am sending one to you. All the fellows here say it's a good one of me. I sent one to my father and I don't suppose he will know me for when I left England 16 years ago I had a very heavy, black moustache. Dad and his wife were quite all right when he wrote. He said he had heard from you and how pleased you were to hear from me. He is one of the best, is in a dear old dad. I have had several trips to Alexandria since I came here and have enjoyed myself. Of course its continental sort of a town; very fast life and all that sort of a thing. Everything is very expensive; every one seems to be out to make all they can out of poor Tommy Atkins; still everything will be all right in a hundred years. I can't have much of a splash as the military won't let us draw too much money, as it is 20 to 1 some of us would get on the bust and the fat would all be in the fire.

What sort of a place is Jacksonville? I trust this will find you all in a pink of condition.

Your loving nephew, Harry Hadden.

From Dennis C. Mason.

The following letter has been received by Mrs. Fannie Jordan of 722 Ashland avenue, from her son, Dennis C. Mason, now in training at Camp Grant, Rockford:

Camp Grant, Ill., Oct. 10, 1918.

Dear Mother:- I received your letter a few days ago, and was glad to hear from you. Thanks very much for the papers you sent. I buy papers sometimes, but the papers you sent and the letters you write have news that I am interested in.

I slighted Earl last time so tell him I said hello. Does Floyd still come by? I guess he is lonely as we were chums for so long. But tell him I said he doesn't know what it means to be lone some yet. Wait till he gets in the army. There are no trains here to hop, either. (Ha! Ha!) Oatie Carter is very ill with

Spanish influenza. Anthony Hamilton had it but says he is better now, but has fallen off considerably.

I have a very severe cold now. When I got up Sunday I was too hoarse to talk. I bought some mentholatum and am feeling a good deal better. I have been up every night for almost two weeks reading up on military drills. Being stenographer, I don't have to drill with the company, so I study hard every night until 11 or 12 after I am thru work. The officers seem to like me and want me to soon learn. It's up to me and I must make good. I have the energy and ambition and believe by hard study I will be able to advance to a non-commissioned officer. Some day my efforts and hard studying will bring results. I haven't had much sleep since I have been here. They don't sleep much in the army.

There are a lot of people in Jacksonville that think I have forgotten them. But I am going to write to all my friends at home when my work is relieved. So when I have time only to write to you then you must remember me to those who you know to be my friends. We are not to be released from quarantine until Oct. 18th. Did you give Willie Crutcheff my overalls, and that book to Ollie Smith? I wish I could see you all.

I guess you think it is strange I write with pencil so much as I have always used a pen, but ink is one more thing we don't have in the army. I can't think of anything else to say, so I guess I must close. Give my regards to all and answer soon.

Respectfully, From your son, Dennis C. Mason, 52 Co. 13th Tr. Bn., 161 1/2 B. Camp Grant, Ill.

From Daniel E. Miller.

Mrs. E. M. Long of Arendville, has received the following letter from: Daniel E. Miller.

Fort Howard, Baltimore, Md., 5th O. A. C. Oct. 14, 1918.

Mrs. E. N. Long, and all at Home. Reached my new home all O. K. But won't be here long. We leave the 15th, so it won't be any use of your writing to me as this may be my last chance to let you hear from me as after tomorrow their won't be any more mail sent out from here, so if you never hear from me any more just say that you had a friend that died for his country for the outfit that I am going in is the one that will go in Berlin it's six point to mount on trucks and I am one of the drivers in it. As I took the examination for it in New York last week. As soon as we get on the other side we will be sent to the front as their is no more trench fighting now. They have them drove out of the

FROM COUNTY AGENT'S OFFICE

Meeting Called Off—The executive committee of the Morgan County Farmers' Club had planned to have able speakers present the \$60,000,000 Bond Issue, Federal Land Bank and Constitutional Convention at a county wide meeting on October 19th., but owing to the ban on public meetings this meeting has been called off until further notice.

Corn Will Move West—Inquiries are coming in for corn for parts of the west and southwest where corn is a failure owing to drought. As railroad officials are making these inquiries, it looks as the farmers and elevators might soon find market for their surplus corn.

Outlook for Dairy Industry—From present information we learn, at least 30,000,000 milk cows have already been slaughtered in Europe. This will result in a large demand for dairy products and also for considerable breeding stock by the European countries after the war. Good sires should be used in order that dairymen may be in a better position to meet this coming demand for dairy products and dairy cattle. In communities where herds are small, dairymen are advised to form associations and purchase pure bred sires jointly.

Value of Various Feeds—The Swine department of the University of Illinois states that when skim milk is not available, one can easily afford to feed tankage at \$105, at the rate of one third to one half pounds per pig daily and get good gains. Usually less than this amount is fed. The University considers barley worth nine-tenths as much per pound as corn, and ground oats about one half as much per bushel as corn when fed to hogs. Skim milk is worth per hundred five times the price of hogs per pound. For example, when hogs are 16c, skim milk is worth 80c per hundred as feed.

Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off

It is just when a corn hurts that you want to feel sure about getting rid of it. Why take the chance of keeping the corn and having the pain grow worse? You'll use "Gets-It"

The Only Peel-Off Way to "Gets-It"

If, anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It". There's no fusing or puttering. Corn-pains will vanish—that'll keep you sweet while the judgment of the millions use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It", the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

Funeral of Kennedy Wright Held—David Hamilton Is Buried—News Notes.

Waverly, Oct. 17.—The funeral of Loren D. Hamilton who died Monday at 4:15 p. m. at St. John's hospital in Springfield, was held at 10 a. m. Wednesday at the home of his mother, Mrs. Avis Hamilton, conducted by the Rev. S. C. Schaefer and Rev. F. E. Smith. Burial was made in East cemetery. Those acting as bearers were, Kenneth Deatherage, Will Jones, Grover Hart, George Ritter and Raymond Young and Gus Mauer of Springfield. Those from out of town who attended the funeral were Mr. and Mrs. Cooney, Gus Mauer, Miss Ruth Williams, Raymond Young, Miss Ella Ford, Mrs. Ford, Miss Christine Rice, Miss Fitzpatrick, all of Springfield and Mrs. Nora Vadakin and Mrs. Diamond McMansey, of Bethany.

The funeral of Private Kennedy Wright, who died at Camp Mary, Austin, Texas, Friday, Oct. 11 was held at 2:30 p. m. Wednesday at the home of his mother, Mrs. Ella Wright, in charge of Rev. F. E. Smith. Interment was made in East cemetery.

About ten cases of influenza are reported in Waverly, none thought to be serious, except the condition of Thomas Lyons, which has developed into pneumonia.

A message from J. R. Colbert, who was called to Camp Forest, Ga. to see his brother, Ernest, who was seriously ill from influenza reports his condition much improved.

Mrs. Nelle Bradford received a message Wednesday stating that her son, Guy, was seriously ill from influenza at Garden City, Long Island. She left Wednesday night for that place.

DEPARTMENT OF JUSTICE

Office of United States Marshal
V. Y. Dallman
Springfield, Ill.,
Oct. 9, 1918.

Dear Sir:—

The Department of Justice at Washington has just issued instructions to the effect that I should advise all German alien enemy registration officers that permission for German alien enemies, male or female, to change their place of residence SHOULD NOT BE GRANTED IN ANY CASE until the registrant has stated in his or her application the exact place, street and street number of the new residence. This information should also be given by the registration officer on the part of the application provided for the granting of the permission. If you have not the proper blanks please ask this office for them. When issuing removal permits be sure to make a note at the bottom of the form where the alien enemy was originally registered.

Yours truly,
V. Y. DALLMAN,
United States Marshal.

Mrs. Charles Corrington has returned from Winchester where she has been caring for the children of Edward Frost. Robert Frost had influenza which developed into pneumonia. Miss Louise had a sprained ankle and later was a victim of influenza. Both children are recovering nicely. Mrs. Corrington received a call yesterday to go to Havana, Illinois, where she is to care for the family of Rude Holzgrave, who are ill with pneumonia.

CULTIVATION OF SORGHUM

Now that sugar is so scarce and expensive the farmer produces his sweets himself as far as he is able. In olden days many people used molasses for sweetening coffee. When the writer's father came west in 1833 he was taking dinner with a frontier family who used molasses for their coffee and it was handed him after his cup had been filled. Not wishing to seem peculiar he poured a small amount into his cup, but as it was the dark Orleans variety it wasn't very appetizing and he partook sparingly whereupon the good natured hostess seized the molasses cup and pouring in a lot more said, "Take plenty; it wouldn't be too good for you if it 'twas all lasses'."

James Bates has made a success of sorghum raising for a good many years and produces the cane and makes the molasses as well. He says light, fertile, sandy loam is the best but it will grow on black land and on barren soil if well fertilized. It is about the same as corn to cultivate. The blades and tops make excellent cattle feed and pay for stripping and the cutting is about the same as corn. A good field will yield 75 to 100 gallons to the acre and the making this year costs fifty cents a gallon and the syrup finds ready sale at \$1.35 a gallon so that it would seem to be a fairly profitable crop. Mr. Bates says he knows no good use for the pulp after the juice is ground from the cane unless it be to fill places in the road or gulleys to keep them from washing and it will take a long time for it to rot enough for fertilizer.

Mr. Bates says if he had enough to justify he would like to have two good mills and a gasoline engine and then he could make the syrup to advantage. As it is he uses wood and that is expensive as he is able to work only on a comparatively small scale. If a lot of men in a neighborhood would join in and plant enough to justify a good syrup plant it would seem to be a good move.

4 Pointers
and what
they mean

First

Government restriction, now in effect, reduces the use of steel in the musical industries to ONE-THIRD of the amount required one year ago. Other materials also restricted.

This Means

that two-thirds of the normal demand for pianos, etc. will not be supplied for many months, possibly years, to come.

Second

An additional war tax of 10% is scheduled to take effect Nov. 1st and applies to all new pianos, player-pianos, talking machines, etc., found on the floors of the dealer as well as those shipped by the manufacturer.

This Means

AT WORK IN FRANCE
With the American Forces in France, Oct.—(By the Associated Press) Thousands of German prisoners many of them taken by the Americans in the drive north of the Somme, have been working in the grain fields of France during the last few weeks.

In some instances a single French soldier guards fifty or sixty Germans as they labor in the field. One French soldier said he had been guarding prisoners all summer and that not one of them had endeavored to escape. All of the Germans working as harvesters still clung to their gas masks, many of them carrying them on a strap over their shoulder as they toiled in the field.

At night the German farmers' helpers were taken to quarters in the different farming districts where temporary buildings, surrounded by a high barbed wire fence had been erected.

JAPANESE DEFEAT
AMERICANS AT BASEBALL
Karuzawa, Japan, Oct.—Celebrating the growing bonds of amity between the United States and Japan, an all American nine met the crack Waseda University baseball team at the dedication of a new diamond laid out in front of the new villa of Marquis Okuma, founder of Waseda.

The Americans gave a fine account of themselves but were defeated 2 to 0. A large crowd of Americans and Japanese witnessed the game. Among the spectators were Viscount Kato, former minister of foreign affairs, and Dr. Osaki, former minister of state. Marquis Okuma pitched the first ball.

COMPULSORY SAVING
SYSTEM FOR YOUNG
New York, Oct.—Workers of Alsace and Lorraine under eighteen years of age may receive only 24 marks a week of their earnings. Everything over the prescribed amount must be deposited in a savings bank and cannot be drawn out during the war except with the consent of the mayor of the municipalities in which they live.

These restrictions are only part of a system of compulsory saving devised for the young of Alsace and Lorraine and made mandatory by a decree issued by the commander in chief of the army group of Duke Albrecht of Wuerzburg, according to the Cologne Gazette.

D. R. Smith of the northeast part of the county was transacting business in the city yesterday.

DON'T SCOLD, MOTHER!
THE CROSS CHILD IS
BILIOUS, FEVERISH
Look At Tongue! If Coated,
Clean Little Stomach, Liver,
Bowels.

Don't scold your fretful, peevish child. See if tongue is coated. This is a sure sign of little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs." and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "Fruit Laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

It's handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs." which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with content any other fig syrup.—Adv.

Mr. and Mrs. Harrison Corbridge of Bluffs were up to the city yesterday. Mr. Corbridge is due to enter the service of his country and has leased his business at Bluffs. His wife may remain with her parents, Mr. and Mrs. McPhail, northwest of the city.

STOCKS REGISTER

ANOTHER ADVANCE
NEW YORK, Oct. 17.—On persistent peace rumors today's stock market registered another which exceeded a million shares. Considerable part of the trading came from the public. The only Oils, coppers, motors and stocks whose products are bound to be benefited by the war's early conclusion went higher by 3 to 5 points.

Rails of the dividend class as well as many issues whose status is yet to be defined by the federal authorities gained 1 to 3 points. Canadian Pacific proving the only noteworthy exception. Sales 1,200,000 shares. Liberty issues displayed irregular tendencies. Total sales aggregated \$11,375,000.

CORN PRICES

TAKE A JUMP
CHICAGO, Oct. 17.—Corn rose today mainly on denials that Germany had capitulated. The market however, was unsettled thru out the session. Prices closed nervous, 1/2 to 3/4c net higher with Nov. \$1.19 1/2 to \$1.19 1/2 and December \$1.15 1/2 to \$1.15 1/2. Oats finished 3/4 to 1/2c down and provisions unchanged to 9/16c lower. A general rush to buy corn took place at the opening. In the ensuing bulge, offerings increased and the market reacted then rose again. Gossip that Turkey would conclude a separate selling at last. Hedging pressure operated to keep oats easy most of the day. Lower quotations on hogs sent provisions sharply downgraded.

trenches now. And they won't let us with the 6 point guns and then trust us to pound the hell out of them. And if we get over this thing will soon fall over soon for these 21,000 old Lib-erties all ready to make the rush in Berlin, and then the old war will soon be over and then I will come back to America and live a good life the rest of my days. Well if the kaiser don't quit, it will fool me. But we will go over anyway and take a look at the old fellow that caused all of this trouble. I wished you could see me in my overseas outfit, I have a steel hat that weighs six pounds and two 45-Colts on my hip, so that makes me look like I mean to get him if I get a chance. I will have my picture taken in my overseas uniform so you can see what a real soldier looks like. There is some gas used here in a day. Each master mechanic has a squad of eight trucks to look after; that is he has seven men and himself. All of mine are new and all are working fine. Tell all the folks that I will wear three bars on the other side so that won't be no compromise. So tell Buss that if I come back all O. K. that him and I will start a garage in Greenville, Ill., after the war. I could tell you lots of things if I could see you. But can't put it all on paper. Well this is some post here. There are 80,000 men here and there are more coming in all of the time. I am going to Baltimore this afternoon to load some trucks to get over there. Well I guess that I have said all that I can think of, so will close for this time as it may be the last so I bid you all farewell, from a soldier that's going to France to get the kaiser.

Daniel A. Miller,

St. Howard, Baltimore, Md., 5th. Co., C. A. C.

Letter From Clarence Siegfried.

Jefferson Barracks Mo. Oct. 10, 1918.

Lear Uncle Eddie: I promised to write you, and here it is. I would have written you sooner, but I have been real busy.

Well I tell you, Ed, just what they have done with me. I got to this post in the afternoon of Sept. 23 at about four o'clock. They tagged us around the necks here and we were examined the next day. I was in the examining building from noon this day until about nine o'clock that night. I came down here for limited service, but they thought down here that I was good enough for general military service, because I passed the examination as slick as a whistle. They then gave me my uniform, which consists of the following: 1 blouse, 2 pair trousers, 1 hat, 2 pair shoes, 3 pair socks, 2 suits underwear, 1 pair leggings, 2 shirts, 2 towels, 2 blankets, 1 bar soap, 1 hair brush, 1 tooth brush, 1 tick cover, 1 mess cup, 1 knife, 1 fork, 1 spoon, 1 mess plate.

I say this is some outfit much less all the more I'll get soon. Since I've been here I went one day and shoveled rocks and made a driveway, and believe me this work sure makes you have a little of an appetite. I worked in the hall for eight days waiting tables. Here, me and my partner, had to serve at least eighty men every meal, and wash the dishes. On this position one had to go to work at 5:45 a. m. and work until 7:30 p. m. with only a few hours off.

I was put on shipment for yesterday to go to Fort Sill, Okla.

homa, to be in the 9th field artillery, but for some reason they took me off after I had even packed my outfit, and told me I would go soon but I don't know where or when.

Well Eddie how is all the fellows at the plant getting along. Tell Lee Smith I said hello. Tell all the boys to buy Liberty Bonds, and back us up. Tell the fellows all to write if they can, and that I will answer them. Address my mail to 16th Company Jefferson Barracks, Mo. With best wishes, I remain, Respectfully, Clarence P. Siegfried.

From George L. Elliott.

The following letter has been received by James Elliott of 917 West Lafayette avenue from his son, George L. Elliott, of Sanitary Squad, No. 80, 84th Division A. E. F. The letter indicates the writer is in England, for that was years ago the home of his father:

Sept. 22, 1918.

Dear Father:—Well, after so long a time I am across the pond and sure am feeling O. K. I have heard you speak about seasickness, but guess you cannot tell me anything about it now, as I have had none. I would like to tell you where I am, but I cannot do so. I suppose I have seen some of the country that you have talked so much about. Cannot tell you the name of the town but I guess you may have been there or very near here, many times.

I had an eight hour ride on the train, so I have had the good luck of seeing quite a little of the sights in this country. I thought that we had a grand country in the U. S., but for scenery it is something grand here. From what I have seen I cannot blame you for always speaking so highly of this country.

As for the trip across, the water I cannot say that I enjoyed it one bit. Still we had a grand sea. They told me it was just a little choppy and I guess that is correct for it did not seem gentle to me. The only thing I can boast about is that I was not the only sick one that was aboard ship.

It is a little cool this morning and early it was raining, and put in most of the night trying to rain. The railroads here are not one bit like the roads we have at home. To tell the truth, most everything is very strange. Did not see one two horse team in the country. They say we two horses in the army but none on the farms. We are now having a grand time trying to learn the value of the money as compared with ours. In exchanging the discount is very small.

One thing that I did notice on the farms was the neat, clean and well kept fields. There are many rock walls used for fences and there are no plank fences at all. Very little wire and no woven fence. There is a lot of hedge but not like the hedges back there.

On the way across we did not see any U-boats, I am glad to say. No one can find any fault with the protection our government is giving. All I can say is that any U-boat would have been out of luck if it had shown itself.

We are quartered in barracks, and I sure would like for you to see our bunks. On the ship we were quartered much better than I expected. I had heard that the boys did not have a bunk of their own and that they had to sleep on the deck. This is not true, for we each had our bunk, and say, that bunk was my best friend. At no time did I have one bit of fear of anything happening to us. If I had not been sick I would have had a good time. Will close for this time and will write you real soon again and let you know how I am feeling.

Your loving son, George.

From Frank Maddox.

Frank S. Maddox, now with the forces overseas has written his brother as follows: Bat. F, 6th., F. A., A. E. F., Via New York City. Dear Brother,

I am writing you a few lines just to let you know that I am still alive and with a kick left in me. I hope that the world is doing good by you, and that the wife and kiddies are doing as fine as possible in the warm weather you people are having in the States now.

It is unusually warm over here has not rained for over a month now. I am still at the front but sitting on the line. I suppose you are working pretty hard now at the office to get the freight thru.

How is the food in the States now? We could be feeding a darn sight better over here, but still we do not kick any. We haven't received mail for more than two weeks as it is being held up somewhere, do not know why it is done, but has happened several times since we have been in France.

We have had some hope of being in the States by Christmas, but not much of a chance for this 1st division now at this front as we have not fired one shot since we have been here, while at the other front, that is about all we did was fire, fire all night, all day, without a rest, the old man would be so hot you could have fried eggs on it. Oh, brother, you should have been with us at the last drive on made, fifteen kilometers in five days, then we left, but took between one and two hundred vehicles, about seventy field guns, and a large lot of building material which hit the Hun rather hard. We also took about 4,000 prisoners. Not so bad for one division of men is it, brother?

Well Dear Brother of mine, I

do not know what to write, I will close this time hoping to hear from you soon.

Your loving brother, Frank S. Maddox.

From James G. Wilmeth.

Mr. and Mrs. Rollie Smith of route 5, this county, are in receipt of a letter from their son, Gilbert Wilmeth, stating that he had sustained gas burns and was in a hospital "somewhere in France." The young man is with the engineers corps, American Expeditionary forces, and sailed for overseas service in May of the present year. Private Wilmeth has a wife and five months old son who are now making their home with the parents of Mrs. Wilmeth in New Carlisle, Ind. He is a former Jacksonville resident and will be remembered by many friends here. He was for a time an employee of the Capps & Sons mills here. Below is printed the letter to Mrs. Smith, and also one received recently by Miss Bertha Wilmeth, a sister of Private Wilmeth:

August 28, 1918.

Dear Mother: I will write you a few lines to let you know that I am not feeling good at present, but I hope this letter will find you all well. I am in the hospital now, but you need not be alarmed for it is nothing serious. I got a slight touch of gas and expect to be well again in a short time.

You can write and tell Bertie and Teresa if you wish as I don't feel like writing much. I haven't heard from anyone back home for quite a while. I believe I heard from Bertie last. I am being treated just fine here. I am going to try and read a little as soon as I finish this letter.

Well, I can't write very much this time so I will close. Hoping to hear from you soon. Now please don't worry as I will come out all O. K. With love, Your son, James G. Wilmeth. Friday, Aug. 23, 1918.

Dear Sister:

I will try and write you a few lines to let you know that I am as well as usual, and I hope this letter will reach you the same. I received a letter from you a few days ago, and I was sure glad to hear from you.

I haven't received a letter from home or Teresa either for quite a while. I suppose they have forgotten me completely. We are having some real hot weather now. Just about as hot as it ever gets in the States. And there are mosquitos here as big as elephants and they aren't afraid of a fellow, either.

Well it isn't so very long until winter again, and maybe I can be home by next spring. This thing can't last much longer, according to my way of thinking. This trip has been full of adventures. Just like I used to read about, but I can't tell you anything now. I wonder if Ralph is over here yet? I guess not tho. I have received all the pictures which you sent me, but I may send some of them back as they are so unhandy to carry around.

It sure is hard to write a letter now, about all one can say is hello and good-bye. So I will close for this time, hoping to hear from you soon.

With love, Your brother, George Wilmeth.

From Ira D. Fanning.

Mrs. William White of Murfreesboro, is in receipt of the following letter from her brother, now in training at Camp McArthur, Waco, Texas: Wednesday.

Dear Sister:—Your letters were received O. K. Altho I haven't much time to write, I surely do like to hear from home. Recently I have been taking lectures every day for one hour, as I have become pretty careless of my writing. There are about 1,500 of us crowded together in a conference on the same time, copying lectures or rather recording the important points as our instructor talks.

I received dad's letter also tell him I am busy every minute and if I do not write, then he must not wait too long on me. They are keeping us moving, doing something every minute until I believe I have really become industrious.

Probably I shall become more accustomed to it after a little while. Our commanding officer says we must have a half holiday tomorrow on account of Barnum & Bailey's circus. Now I think that he knows we need a half holiday instead of giving us a chance to go to the circus.

We get up about 5:45 and stand "revellie" with "arms" at 6 a. m. Breakfast 6:15 to 6:35. After breakfast we police the grounds until 7:00 o'clock a. m. Then we really commence work and are continually busy doing various and sundry things, physical exercises, bayonet practice, sighting and aiming practice with the rifles, school of the company, that is we drill either by squads or companies, battalion formation, conferences on the lessons we studied the night before, having dinner at 12:00.

One thing I like about it is that every body has to be promptly. For instance, we only have three minutes to line up two hundred fifty of us in a company front, after the whistle has blown for assembly.

In the afternoon we have conference lectures and practice march, or march with heavy packs. This sure is fine. Then we sing songs of all kinds to keep up the pep. If I do not sing I am reciting something to myself. I have learned in study or trying to "ve" semaphore signaling in my mind, as I walk along the

dusty road, yes and I practice in my mind's eye the wig-wag in signaling. We have to be able to give forty letter a minute by signaling with flags.

I was called to study last evening before I had time to finish my letter. Now my half holiday is at hand, I am prepared to meet it with open arms. Probably a large percentage of the boys are going to town to see the said circus, but I have my afternoon already planned. That is, I will study. The other boys will be having a good time, but I shall have just as good a time studying. We have an examination next Saturday and I personally need to hound up a bit.

Oh, yes, I am very glad that you found the bicycle for the boys. I told Clyde that if he wanted to dispose of it, he could, and any way he saw fit. I presume he was too busy, or forgot about it. I am glad that you thought of it for the boys. I received your package, containing buns, but there was no chicken in it. The censor surely took our fried chicken, for either of two reasons, on account of being spoiled, or for himself to eat. I think it might have been the former. Say, Sis, I think that fried chicken must have been good. Ha! Ha! Thanks just the same.

I tell you what I would like now, and that is some nice sweet candy. Only kind for a soldier's tooth. Oh, I forgot—that would take sugar. Just send some candy bought if you want to, but don't go to much trouble for

me, for as I am making it pretty well, and we just got paid last night about nine o'clock. I immediately went down to the Canteen and bought \$3.00 worth of buns. This is only a small part of what I already had, and then I expect to buy a few more. It will be more satisfactory for me, tho in the end, for I shall then own them.

Tell Bertha to write me again if I fail to answer. I will write one of these days especially if I need anything. Ha! Ha! Give my best to William W. Tell him I feel just like a Rookie yet, but feel that I am going to learn to be a god soldier.

With "lots" of love to all. I am,

Just, IRA.

Lester Landreth Writes Father.

Sept. 8th, 1918. 493rd Aero Squad, American Ex. Forces, Via New York.

Dear Father:—Well, I suppose you are dying to know how I am living here, if such is the case, and how I am making out with the "language" when you know that I speak nothing but English.

We are living like chorus girls, and don't let none of those soreheads tell you different. We sleep in what is called barracks, being nice and dry. And so forth.

being as clean as a rabbit tooth. The first thing we do when we go in a camp is to police everything in sight. To police in the army, does not mean to pinch some guy. Police means clean up, remove, and burn, and we make this French burg think it had been hit by a soap cyclone. We carried away all the knickage. Also purified our water. And make everything look like home, well this is all I can tell you now. I will close with a small poem.

Our Best Pal.

If you have a gray haired father

So down and write a letter

You'll get off from day to day.

Don't wait until his tired steps

Reach Heaven's pearly gate,

But show him that you think of him

Before it is too late.

You put off 'em day to day.

Don't wait until his tired steps

Reach Heaven's pearly gate,

But show him that you think of him

Before it is too late.

If you've a tender message

Or a loving word to say,

Don't wait till you forget it,

But whisper it today.

Who know what bitter memories

May haunt you if you wait,

So make your father happy,

Before it is too late.

We soldiers live in present.

Our future is unknown;

Tomorrow is a mystery.

Today is all we own. The chance that fortune lead us to, May vanish while you wait. So send life's richest treasure today. It is too late.

The tender word unspoken, The letter never sent, The long forgotten message, For the worth of love unspent For these some hearts are breaking.

For these some loved ones wait

So show them that your care

For them,

Before it is too late.
